

Mini Book Template

Use the Mini Book Template to create your own miniature booklet containing whatever contents you desire!

Designed especially for mini-comics, the booklet provides space for a front and back cover, as well as six interior pages.

Simply print at the original size on an 8.5" x 11" piece of paper, fold in half, cut along the middle dotted line, and fold to create a complete and staple-less booklet that can be photocopied and distributed at minimum cost.

The Mini Book Template is free for personal and commercial use.
